Brief Synopsis

Current Situation as of 0755 hrs

There are no people at Parliament Hill and less than 50 people in the area of Wellington and Elgin.

The inner perimeter remains unchanged with close to 500 trucks in and around the area. A small convoy of farm tractors arrived in the early morning and have added their presence and support to the protestors.

The transition from the night shift to day shift is underway. Traffic officers are deployed in the periphery to begin enforcement. FLD resources are continuing with their community engagement. ESU resources will be deployed again later today to support operations, planned or otherwise. PLT resourcing is being coordinated for strategic deployment with the day's organizational priorities.

NCRCC has started operations with most partners on site for 0900 hrs.

There are 13 known, new convoys coming to town, most of which are small, fractured groups. Our partner agencies have been monitoring and will be providing updates.

There will be a Command Meeting at 0800 hrs to determine strategic goals for development by the planning team later today.
